

CAD Technician – Site and Energy Team

Stahl Sheaffer is currently seeking to hire a **CAD Technician** to join our Site and Energy Team in our Clearfield, State College, or Cannonsburg, Pennsylvania or Morgantown, West Virginia office locations.

Site and Energy CAD Technician Responsibilities:

- Prepare complex drawings and make revisions to drawings under minimal supervision
- Perform a variety of complicated drafting and design tasks
- Mentor less experienced technicians
- Work closely with the CAD Manager to implement group standards and templates
- Organize, refine and update Department CAD libraries
- Ensure drawings and designs are completed on time and adhere to established specifications and standards

Site and Energy CAD Technician Required Skills & Experience:

- Working knowledge and experience in Autodesk Civil 3D
- Experience in land development and/or energy sectors
- A highly organized approach to tasks and a high level of initiative
- Ability to use design concepts from the engineering staff to create plan documents that specify design intent
- Ability to provide design suggestions, review documents, and ensure documents are compliant with company standards
- Excellent oral, written, and interpersonal communication with co-workers, clients, and the general public
- Proficiency with Microsoft Office programs including Word, Excel, and PowerPoint
- Ability to complete projects independently and/or in a small team in a responsible and timely manner

Minimum Requirements for Site and Energy CAD Technician Position:

- Associate's or bachelor's degree related to computer aided drafting or equivalent education
- Minimum of two years of related experience
