NBIS Bridge Inspections

PA Department of Conservation & Natural Resources (DCNR) Open-End Contract FDC-500-803S, State-Wide

Since 2015, Stahl Sheaffer has performed NBIS inspections, load rating analyses, and report submissions for 156 structures in state parks and state forests throughout Pennsylvania. The yearly assignments include type A inspections (structures less than 20'), type A1 inspections, and type A2 inspections. These inspections have been performed in the Western, Southern and Northcentral Engineering Regions and include:

134 Structures in 11 State Forests:

• Michaux:	2
• Rothrock:	1
• Gallitzin:	2
• Bald Eagle:	14
• Clear Creek:	1
• Moshannon:	11
• Sproul:	24
• Tiadaghton:	27
• Susquehannock:	7
• Tioga:	44
• Loyalsock:	1

22 Structures in 14 State Parks:

• Raccoon Creek:	3
• Oil Creek:	1
• Cook Forest:	1
• Keystone:	1
• Ohiopyle:	3
• Prince Gallitzin:	1
• Black Moshannon:	1
• Bald Eagle:	2
• R.B. Winter:	2
• Reeds Gap:	1
• Little Buffalo:	2
• Hills Creek:	1
• Hyner Run:	1
• Nolde Forest:	2
