

## ▶ Construction Inspector / Lab Technician – Geotechnical

Stahl Sheaffer is currently seeking to hire a Construction Inspector / Laboratory Technician to join our Geotechnical team at our AASHTO-accredited Lab in Canonsburg, Pennsylvania.

### Construction Inspector/Laboratory Technician Responsibilities:

- Perform field inspection over construction projects
- Perform laboratory/field testing
- Documentation services on soil, aggregate, concrete, and asphalt projects

### Minimum Requirements for the Position:

- High School diploma (or equivalent)
- A valid driver's license and daily access to a motor vehicle
- The ability to obtain state and federal background clearances and pass pre-employment drug screening to permit working on-site
- Ability to lift 50 pounds
- Basic math skills and the ability to understand specifications, testing procedures, and construction plans sets
- Proficiency with Microsoft Office programs including Word, Excel, and PowerPoint
- Excellent oral, written, and interpersonal communication skills in order to work with co-workers, clients, and possibly the general public

### Preferred Qualifications:

- Prior experience inspecting construction projects: well pad, roadway, cut/fill embankments, etc. for both state agency and energy-oriented projects
- Prior experience working in a geotechnical lab and/or as a field technician
- Prior experience with field compaction and concrete testing
- Prior experience with documenting daily construction activities which include, but are not limited to, the measurement and calculation of pay quantities
- ACI Technician Certification and Nuclear Gauge Certification
- PennDOT Concrete Technician Certification
- NECEPT Field Technician Certification
- NICET Certification in Heavy Highway Construction
