Construction Inspection for Various Projects

PennDOT District 3-0, Various Locations, PA

Stahl Sheaffer was selected for this Open End Agreement to provide supplementary construction inspection staff under the Department's Inspector(s)-in-Charge on various Department and/or local projects.

The Agreement includes roadway and bridge construction projects and material plant inspection and includes work orders such as Highway Occupancy Permit projects, local public agency projects, and inspection services required for utilities and Marcellus Shale gas drilling activities located within the boundaries of Engineering District 3-0.
