

Designer – Transportation

Stahl Sheaffer is currently seeking to hire **Designers** to join our Transportation Team at any of our Pennsylvania [office locations](#) in State College, Clearfield, Canonsburg, Selinsgrove, or Ebensburg.

Responsibilities:

- Assist the Project Team in the development and design of road and highway projects which consist of the plans, specifications, and estimates
- Develop feasible design alternatives and compare significant parameters
- Review design details and coordinate technical recommendations
- Assess the cost-effective constructability of the project and generally evaluate the quality of the project
- Provide day-to-day technical support, guidance, and input
- Assist in the preparation or modification of reports, studies, permits, and designs for various projects

Minimum Requirements for the Position:

- Bachelor's degree in Civil Engineering
- A valid driver's license and daily access to a motor vehicle
- The ability to obtain state and federal background clearances to permit working on-site when necessary

Preferred Qualifications:

- Up to 5 years of experience with engineering projects relating to transportation and/or traffic engineering designs and development of bid packages for project advertisement into construction
- Engineer-in Training (EIT)
- Working knowledge of environmental and municipal regulations, drainage, stormwater management, and E&S control as they relate to design
- Proficient working knowledge of Microstation, Open Roads, and Autoturn
- Proficiency with Microsoft Office programs including Word, Excel, and PowerPoint
- Excellent oral, written, and interpersonal communication with co-workers, clients, and the general public
